Broadview Psychology is currently seeking a therapist to join the practice on a part-time or full-time basis. We are a team of clinicians who offer assessments and treatment to children, adolescents, adults, families and couples. We are looking for someone who wants to join our strong and dedicated team of clinicians who work closely together providing primarily DBT and CBT to our clients and their families.

We are looking for a therapist with a graduate education (psychologist, social worker, psychological associate) and with training and experience in providing DBT and CBT. Training in ACT or EFT would be an asset. We have space in both our Toronto and Stouffville offices.
