

Anchor Psychological Services is seeking associate psychologists to meet the demands of our growing practice. Located centrally (Westboro) in Ottawa, Ontario, we are a private psychology practice providing assessment and treatment to children, adolescents, adults, and families. Team members provide services from a variety of evidence-based modalities, including but not limited to CBT, DBT, and EFT. We are also at the forefront of the development and implementation of EFFT (Emotion Focused Family Therapy), and maintain a sub-specialty in the assessment and comprehensive treatment of eating disorders across the lifespan. Full-time and part-time positions may be available, as is supervision for individuals completing their supervised practice hours with the College of Psychologists of Ontario.

We offer associates a collaborative and supportive working environment that includes regularly scheduled group meetings, peer supervision, team retreats, and a variety of other growth opportunities. We are located in a bright and inviting space in a desirable neighborhood, close to public transit. Offices come fully furnished. Associates are offered full administrative support and our referral base guarantees a robust practice. Hourly rates are competitive.

Interested applicants should provide a cover letter and recent CV. Applications will be reviewed as they are received. Positions will be open until filled. Please submit applications to Rimi Datta, Office Manager: admin@anchorpsychology.ca
