OPA's Award of Merit 2017 for Innovative Contributions to Children's Mental Health

Psychologist or Psychological Associate (Supervised or Autonomous Practice)

Looking for an innovative, fun place to work? We are looking for you, whether you are a psychologist just starting out or are more seasoned and looking for a change, consider joining our leadership team of psychologists at Dr. Angela Fountain and Associates. Our office is a large group practice in psychology consisting of 20 psychologists and therapists. We offer a workplace that values creativity, individual expression and fun while ensuring adherence to professional standards and evidence based service delivery. Enjoy a model that includes lively individual and team supervision of staff, interesting casework whether it is assessment or treatment, full administrative support, peer mentoring, a competitive pay range and benefit plan. In addition, we are not far away or hard to access: 2km off the 407 in the north end of Oshawa.

Located on a 60 acre therapeutic farm with a full range of indoor and outdoor psychological treatment amenities, Dr. Angela Fountain & Associates is a large well-staffed psychology clinic that offers all the traditional family and child community based clinic services and more. From our indoor consultation offices and play therapy rooms to our adjoining equine therapy stables, small animal handling facilities, play and swim areas, to adventures in our forest and farm meadows, practicing psychology moves to a new level of wellness that more traditional settings cannot offer. Working in the clinic has few dull moments. The list of indoor/outdoor seasonal activities like pumpkin carving, maple syrup, carriage and hay rides, summer day camp goes on. Not to be concerned if this is new therapeutic territory for you, we will provide training and support in our more unique equine and animal assisted therapies. Check out our website at www.drffountain.ca.

PAY RANGE: Competitive Pay to be Negotiated (Health Benefit Package also Available)
