

A NEW SOLUTION FOR PATIENT ACCESS

Medeo is a secure virtual care platform that enables healthcare providers to conduct online patient appointments through a secure video and messaging system.

Better Access. Better Outcomes.

Medeo is a web-based solution. This means no hardware installations are required. Simply sign in via our secure web portal to start using Medeo.

THE PERFECT FIT

With devices that connect online, healthcare providers can offer alternatives for patients who may struggle with traditional office visits, stigmas and complex health issues that create barriers to their care.

PREFERRED PRICING

OPA members receive the benefit of preferred pricing for Medeo Virtual Care.
