\$49.61 - \$63.97 (Psychologist) This position is part of the OPSEU bargaining unit

Employment Type

Full-time

Hours of Work

Full-Time (37.5 hours per week) Days

Location

Durham Region or York Region

Position Summary

Ontario Shores is seeking a psychologist who possesses strong knowledge of specific applications of CBT for depression and anxiety disorders and confidence delivering these treatments. The psychologist will act as a clinical consultant providing training, individual, and group consultation services to clinicians from a variety of regulated colleges. This role involves active participation in committee work and requires the psychologist to act as informal clinical lead, providing feedback and recommendations to an evolving training and clinical consultation framework being developed by the province. The psychologist will also deliver CBT to individuals and groups at a designated community location.

Qualifications Required and Preferred

- The successful candidate will have a Doctoral level Psychology degree, preferably with 3 years clinical and/or research experience in the field of severe and persistent mental illness, combined with being registered with the College of Psychologists of Ontario. (Candidates who are eligible for registration may be interviewed.)
- The successful candidate will have demonstrated leadership skills to work with an interprofessional team
- Experience providing, teaching and supervising evidence-based therapies, in particular CBT.
- Expertise in developing assessment protocols to clarify diagnosis and contribute to evidence-based clinical management and assessment of patients with a serious mental illness and/or personality disorder is important.
- Experience with program evaluation is required.
- A demonstrated interest and aptitude for academic activities, including teaching graduate students and the ability to conduct independent research relevant to the Outpatient Program are definite assets.
- Excellent oral and written communication skills, interpersonal skills, and the ability to work effectively in a dynamic team environment, are essential.
